

Fertile City Council Minutes
Special Meeting
March 26, 2009

The Fertile City Council held a special meeting on Thursday, March 26th at 6:30 p.m. to discuss the City Code. Present were: Mayor Brian Nephew and City Council members Todd Wise, Dan Gisvold, Trish Thorson and Dennis Hasler.

After dealing with Water, Sewer and Planning, the Council began dealing with the more general areas of the Code. The general provisions were reviewed and found, in the main, to be useful. The additional considerations will come when reviewing the old resolutions and ordinances that may remain.

Administration was discussed and a more thorough definition of Administrator was discussed, along with a Deputy Clerk-Administrator consideration. Fees for the City Attorney were also discussed.

As for Chapter 33 – dealing with other boards – the EDA/HRA and the Nature Center board were also discussed, along with a general definition of the Airport Board. A Planning Commission may not be worthwhile for Fertile and there appears to be no need for a Public Utilities Commission.

Emergency Management, refuse and other services were also reviewed.

There was some discussion of the wind survey and it appeared EPAC may have the best proposal.

There being no further business, the meeting was adjourned.

Brian Nephew, Mayor

John J. Frohrip, City Administrator
